## Homeopathic medicines in Italy

However, Article 17 of Decree Law 219/2006 required the publication in the Official Gazette, within three months of the decree law's entry into force, of a specimen registration application form drawn up by the AIFA (Italian Medicines Agency). Inexplicably, that form, the contents of which were specified in the transposing act, has, several years later, still to be published. This situation constitutes an inadmissible barrier to implementation of the provisions of Directive 2004/27/EC. <http://www.europarl.europa.eu/sides/getDoc.do?jsessionid=DD93F885830C9F7198DC4E6563286A1E.node2?language=EN&reference=P-2009-1417&type=WQ&secondRef=0>

## Testament to homeopathy

12th March 2009

Sefton NHS, formerly Sefton PCT, has withdrawn funding for homeopathic treatment. Liverpool patients, however, can still take advantage of this service as the Liverpool PCT continues to fund treatment. Sefton appears to be basing their decision on one biased report. <http://www.crosbyherald.co.uk/views-blogs/crosby-herald-letters/2009/03/12/testament-to-homeopathy-68459-23124707/>

# Institute of Medicine's Historic Summit on Integrative Medicine

By Dana Ullman, MPH

The third day of the Summit began with a rousing presentation from Senator Tom Harkin. Harkin reported on these Senate hearings noting that just that week President Obama had asserted that health reform was a major priority for him and for the American people and that prevention and wellness programs have to have an important place in this health reform. President Obama has also designated that over \$1 billion would be devoted to outcomes evaluation for health and medical treatment programs to begin to be evaluated to determine what really works
