**In 1913, the cancer rate was 1 in 100 people.
It is now 1 in 3. Why is this so?**

This frightening cancer explosion is caused by vast changes in food, air, water and medicine. At this free seminar you will learn:

- How you can protect yourself and your family.
- The truth that the corporate-owned media have conspired for years to censor.
- How, with knowledge, you can avoid or overcome cancer.

**The Seminar is FREE, so seating is limited.
Please telephone (07) 5588 0420 EARLY
to book your seats and avoid disappointment.**

Venue: Somerset College, The Great Hall
Somerset Drive, Mudgeeraba 4213

Date: Saturday, 6th May, 2006 @ 2pm sharp

Sponsored by The Hippocrates Foundation, a Government-approved charitable entity.
